

## Research call Older Type 2s moving to insulin

### *Share your experience of starting insulin treatment and care support*

Take part in a study exploring the experiences of older people with Type 2 diabetes who have recently started insulin treatment. Participants will receive a **£20 Amazon voucher** after the interview as a thank you. This study is based on individual interviews (phone, face to face or virtual).

Make contact if you are, or caring for an individual who is:

- ✓ Aged 70 or over
- ✓ Diagnosed as Type 2 diabetes
- ✓ On insulin treatment for the past 6-24 months

#### **TO FIND OUT MORE AND TO TAKE PART**
